

## IN-LINE Personal Locker

Our lockers are right at home in the front office. The all metal construction features reinforced panels that are concealed for a smooth, refined appearance both inside and out. These single wide lockers provide secure storage for the jacket, shoes and personal items. They can be configured in countless ways with any locker in our line to accent a wall or divide a space.

# Personal Locker

Door Number Plates

## FEATURES

- Lockers may be ordered with metal or laminate fronts
- Multiple color door order forms make it easy to mix and match door colors
- Additional shelves are available for order
- Includes a fixed shelf on top, two adjustable shelves, pull-out hanging file rack, and coat storage, all in an 18" x 18" footprint
- Coat compartment includes a single two-pronged hook, located on the hinge side of the locker
- Hanging file rack accommodates 8.25 filing inches

## BASIC CONSTRUCTION

- Four leveling glides with 7/8" adjustment ensure proper alignment and operation, and are accessible from inside the locker
- Lockers include inner side panels, so that structural components are concealed
- Lockers are shipped fully assembled

## OPTIONS AND ACCESSORIES

- Choose from keyed locks, electronic locks, or hasp locks
- Interior power outlets may be installed inside locker compartments.
- Peel-and-stick door number plates .030 acrylic 1" h x 2"w, surface color in brushed aluminum imprinted in black with any combination of numbers needed to permanently identify individual locker doors
- Locker ganging kit, for ganging lockers side-to-side

## KEYED LOCK SYSTEM

- Keyed locks include randomly-assigned LL Series locks, bright nickel, master-keyed, and core-removable. Other key series are available

## HASP LOCKS

- Hasp locks, used in conjunction with the A: Full Pull, may be used instead of a keyed or electronic lock

## ELECTRONIC LOCK SYSTEM

- Durable and versatile, electronic locks may be programmed to either fixed or revolving mode

## INTERIOR POWER OUTLET

- Specify a 110v power outlet inside the locker compartment
- A multi-circuit power feed can accommodate up to 32 lockers, with plug-in power inside each locker and wires routed outside and behind the cabinets
