

IN-LINE Quad Lockers

Our lockers are right at home in the front office. The all metal construction features reinforced panels that are concealed for a smooth, refined appearance both inside and out. These lockers provide secure storage for the jacket, shoes and personal items. They can be configured in countless ways with any locker in our line to accent a wall or divide a space.

IN-LINE
**Quad
Lockers**

Door Number Plates

FEATURES

- Lockers may be ordered with metal or laminate fronts
- Multiple color door order forms make it easy to mix and match door colors
- Additional shelves are available for order
- Quad lockers do not include shelves. If desired, adjustable shelves may be ordered separately
- Each locker compartment includes (2) two-pronged coat hooks, one per side
- The four locker doors are keyed randomly in the factory
- The four locker doors hinge together, either left or right

BASIC CONSTRUCTION

- Four leveling glides with 7/8" adjustment ensure proper alignment and operation, and are accessible from inside the locker
- Lockers include inner side panels, so that structural components are concealed
- Lockers are shipped fully assembled

OPTIONS AND ACCESSORIES

- Choose from keyed locks, electronic locks, or hasp locks
- Interior power outlets may be installed inside locker compartments.
- Peel-and-stick door number plates .030 acrylic 1" h x 2"w, surface color in brushed aluminum imprinted in black with any combination of numbers needed to permanently identify individual locker doors
- Common laminate tops
- Locker ganging kit, for ganging lockers side-to-side

KEYED LOCK SYSTEM

- Keyed locks include randomly-assigned LL Series locks, bright nickel, master-keyed, and core-removable. Other key series are available

HASP LOCKS

- Hasp locks may be used instead of a keyed or electronic lock
- Used in conjunction with the A: Full Pull
- To order, specify "Hasp Lock" in the product description on your purchase order and add \$50 list per door to the keyed locker price

ELECTRONIC LOCK SYSTEM

- Durable and versatile, electronic locks may be programmed to either fixed or revolving mode

INTERIOR POWER OUTLET

- Specify a 110v power outlet inside the locker compartment
- A multi-circuit power feed can accommodate up to 32 lockers, with plug-in power inside each locker and wires routed outside and behind the cabinets

Interior Power Outlet
