

15" Receding Door Laterals

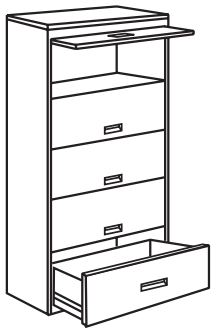

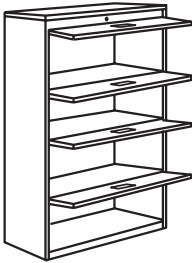

WITH ROLL-OUT OR FIXED SHELVES

Known for the efficient way they use space from side to side, laterals are an essential tool in office organization. Many companies need ways to store physical files and track of paper records. This classical design can be applied low profile, to keep space visually open, or up to five high, to provide high density filing and used as space definition.

15" Receding Door Laterals

WITH STANDARD DRAWERS
OR FIXED SHELVES

FEATURES

- Positive self-closing hinges and door follower channel provide superior flipper door tracking and a snug door closure. The doors are drawn in when closed to ensure uniform door alignment
- Flipper doors include a built-in sound absorption feature in the flipper door for quiet operation
- Receding flipper doors extend 2-1/4" outside the front of the cabinet. Please allow for this clearance when creating your floor plan
- When open, receding flipper doors extend 2-1/4" outside the front of the cabinet
- Counterweights are required if not ganged together or otherwise anchored
- All shelves are fixed

DRAWER FEATURES

- Bottom 3 or 4 openings include standard height drawers
- Drawer bins will accommodate A4, Letter, and Legal size filing
- Top 1 or 2 openings include 15" flipper doors that recede inside the cabinet, with fixed shelves
- Drawer includes full-height side panels
- Two file bars are included in each drawer for side-to-side filing

BASIC CONSTRUCTION

- While INLINE lateral files feature horizontal lines and full-width fronts consistent with all other INLINE products, Recessed Front lateral files have in-set drawer fronts and the flipper doors stow inside the cabinet
- Recessed Front lateral files finish at different heights and have completely different horizontal lines than the INLINE products
- Recessed Front lateral files are available with three different front styles: A: Full Pull, F: Square Recessed Pull, and H: HW Pull. These recessed style pulls allow the 12" flipper door to recede fully inside the cabinets
- Four leveling glides with 1-1/4" adjustment are included to ensure proper drawer alignment and operation

OPTIONS AND ACCESSORIES

- Laminate fronts
- Common laminate tops
- Polyethylene drawer front fillers increase sound absorption
- File conversion bars for front-to-back filing
- Magnetic shelf dividers
- Magnetic label

LOAD CAPACITY

- Drawer and roll-out shelf load capacity:
30", 36", and 42" wide drawers: 125 lb
- Fixed shelf load capacity:
30" shelf: 95 lbs | 36" shelf: 116 lbs | 42" shelf: 136 lbs
- Lateral file metal top load capacity:
30" wide top: 140 lbs | 36" wide top: 168 lbs | 42" wide top: 192 lbs

COUNTERWEIGHT & INTERLOCK

- The safety interlock mechanism is integrated into the drawer slides, allowing only one drawer to open at a time
- All lateral files with drawers and roll-out shelves used as freestanding cabinets must have counterweight if not ganged together or otherwise anchored
- Counterweights may be factory-installed or purchased separately to be installed in the field

LOCK SYSTEM

- Includes UM series locks, keyed alike, black-faced, master-keyed, and core-removable (may be keyed-alike in the field). Other key series are available, including Haworth SL, bright nickel LL, and Knoll K.
- The locking system captures drawer fronts on both sides
